Love Defined, Part 2
November 23, 2014
1 John 4:10

- 1.) What is our working definition of love? It is the expression...
- 2.) What word from the King James version did we suggest that best encapsulated that definition?
- 3.) Go back to 1 John 4:11 and restate the verse using that word.
- 4.) In what ways is the definition unhelpful when we talk about our love toward God? (i.e. are there some ways that this definition CANNOT APPLY from us toward him?)
- 5.) How might we make application (grandfather & grandson)?
- 6.) Talk about applications of this principle for your specific life—who does God want you to give ice cream to?
- 7.) Would it be overstating the Biblical case to say what James sang in the offertory is true? “If you don’t love your neighbor; you don’t love God” (does that make you uncomfortable? why?)
- 8.) Talk about the inextricable nature between “being loved” and “loving others.”
