

SERMON Q's

Who's in Charge?

May 19, 2019

Luke 24:50-53

1. Think of a time when you have experienced the blessing of someone in charge being either helpful or a disappointment and unhelpful. What made the difference?
2. What would your life look like if you regularly thought of Jesus as King? Why would it be different?
3. In what particular area of your life are you struggling with Jesus' reign not seeming very active?
4. What is one thing you tend to worship or serve more than Jesus? What does it promise to provide for you? How does its ability to fulfill you eternally compare with Jesus?
5. What circumstances in your heart or world make joy hard for you to have? How can we help each other see Jesus as more desirable than anything else?
6. How does the truth of Jesus as King today redirect your heart when it wants its own way? How could others pray for you to that end?
