Micah 7

1. What reality among God's people today most causes you to lament?
2. What does it look like for you to cry out to God over this matter and let your grief and longing point you to him rather than anyone or anything else?
3. What is a distorted vision of God that you often struggle with? How does it impact the way you relate to God?
4. Have you fully embraced God's forgiving heart toward you? What idols in your heart make that hard for you to do? What's your favorite part of these truths about God in Micah 7:18-20?
5. How does love that comes "anyway and always" impact your heart and make you want to respond? Is it too much love? Where would you look in the Bible to see how God designs his love to work on our hearts?
6. How can we pray for each other to be driven by a true and clear vision of God the way He wants us to deepen our relationship with Him?
