Our Identity In Christ: Identity Challenged  
October 16, 2016  
Luke 4: 1-14

1. How do we fall prey to the “Prosperity Gospel” which basically says that as Christians we should expect prosperity (materially, physically, emotionally, etc.) in this life? How does that actually make the Christian life harder and more confusing?
2. How is faith proven through time in the wilderness? What wilderness are you in now, or have been in recently? What is it showing you about yourself, your faith, and about God?
3. How have you been tempted lately to take short-cuts instead of waiting on your Father’s provision? Where is our greatest temptation? Chasing after comfort and relief? Chasing after power and control? Chasing after glory and acclaim?
4. How does knowing the goodness and delight of the Father encourage more complete trust and faith rather than discourage it? How have you seen this working out in your life lately?
