God Out of the Box
October 22, 2017
Habakkuk 1:1-2:1

1. Have you ever had an event in your life in which God basically turned what you knew of Him upside down? When was the last time you got really angry with God? How did you respond to what God did?
2. When God does not go according to your plan, how do you typically respond?
3. What does a faith response look like to God when confusion reigns in our minds and hearts?
4. What makes us nervous to pour out our anger towards God? Why are we slow to direct our anger at Him when we know He controls and orders all things in our lives, including the hard stuff? Why is intimacy with Him limited when we are not honest in our prayers?
5. How does God show us grace in our angry confusion? How do we know we can trust Him with our confusion?
