God Loves the Church  
October 3, 2021  
Psalm 87

1. What are realities or experiences that make it difficult for you to love the Church?
2. Do you tend to think of your relationship with God more personally or more corporately (as a group/family)? How does the neglect of either of these miss the full biblical picture of our relationship with God?
3. Contemplate the Church as God sees her from heaven's viewpoint today. What beauties most inspire or encourage your heart?
4. Read Psalm 87:4-6 again. Describe the amazing grace and missionary zeal you see in God's heart there. What should that look like in 2021 in Huntsville?
5. Share one way your life or your family's life would be different if your life reflected the priority of God's people the way his heart feels for them?
6. How does the love of Jesus for his bride, the Church, make you feel as a part of that family? How does it help you when you see problems within the family?
