

SMALL GROUP Q'S

Glory Across the Generations

November 19, 2017

Psalm 145

- 1.) What are the greatest challenges you find with being in the generation you are presently in within this culture? How about within the church?

- 2.) What are the greatest joys and opportunities you find with being in the generation you are presently in within this culture? How about within the church?

- 3.) What does it look like for you to commend our great God to another generation? Practically, how could that look in your life and especially within this church family? Who is one person you/your family are going to try to connect with over the holidays from another generation?
