

# SERMON Q's

**"The Thing We Need Most  
But Want Least"**

**February 20, 2022**

**Philippians 2:1-11**

1. How would you define humility in your own words? Who is someone you know you think of as a humble person?
2. How have you seen humility produce unity in a group of any sort? Alternately, how have you seen pride or self-focus cause division?
3. If you were asked to lay aside all of your rights, privileges, and comforts, which ones would be most difficult to let go of?
4. See how many examples you can think of in the last week where in mundane, everyday situations you have the option of living "my life for me" or "my life for yours."
5. Will said Jesus' humbling himself is not only our example or standard of humility but also the source of our humility. How does Jesus free us to think of ourselves less?
6. What practical fruit would we notice if Southwood became increasingly marked by humility?
