Proverbs 1:7, 9:10

1. Do you recently feel your need for wisdom more or less than usual? In what areas do you feel most in need of wisdom to live in light of God?
2. What are your primary sources for wisdom to navigate the decisions and difficulties of your life as well as your daily priorities?
3. What are some ways God is utterly different from you that are most mind-boggling to you? (HINT: Look up God's incommunicable attributes!)
4. Do you think you tend to be too frightened by God or too comfortable with God? When was the last time you remember feeling either way?
5. If you personally witnessed the 10 plagues, particularly the Passover, how do you think it would have impacted your relationship with YHWH?
6. What is one way someone could pray for you to cultivate a greater awareness of God's presence on a moment-by-moment basis in your life?
