

SERMON Q's

What God Wants For You
September 6, 2020
Colossians 1:9-14

1. Do you live like the people you love need your prayers more than the resources, lessons, etc. that you can give them?
2. What do your prayers for yourself reflect about your greatest priorities in life? How does this square with what God wants for you?
3. How would you describe having a personal relationship with God to someone who didn't know what you meant?
4. Will said, "As surely as you are in a pandemic, you are in Christ." Which situation feels more real these days? How does being in Christ make a difference when you are in the midst of a pandemic?
5. What are practices you have found helpful to you in listening to God in his Word?
6. Take about 5 minutes. Pick a character trait you know ABOUT God. Contemplate what that means and particularly what it means in your life. Then share: What does the Spirit speak to your heart about God?
